

Five days of multiplication practice

Starting check, short practice sessions and answer keys

For third-grade families and teachers.

Start with the starting check. There is no time limit.

Try about 10 minutes a day. Allow drawings or a chart.

Check the answers and revisit facts that need more practice.

The 11 and 12 times tables are optional extensions on the website.

Day 1 - Build confidence

Day 2 - Double and group

Day 3 - Use the doubles

Day 4 - Work through tricky facts
